## WALLDOGS

Mural painters of old were often called *Walldogs*, a name that has been adopted by a talented group of artists intent on helping small communities to sustain their historic record for new generations. Along with the title of *Walldog*, today's mural artists have also adopted many other traditions that show in their work, from the colors they use to the design styles they practice, these murals capture that sense of nostalgia and historic significance. From a humble beginning in the summer of 1993, hosted by Nancy Bennett in Iowa, the Walldog Movement has continued to grow year after year.

Our WallDogs have presented an amazing collection of artwork to the community of Delavan to be auctioned off as a means to maintain the murals and add to them year after year. Please be generous in your support of this event!
